About The SPARK Institute

The **SPARK Institute** represents the interests of a broad based cross section of retirement plan service providers and investment managers, including banks, mutual fund companies, insurance companies, third party administrators, trade clearing firms and benefits consultants. Through the combined expertise of its member companies, the Institute provides research, education, testimony and comments on pending legislative and regulatory issues to members of Congress and relevant government agency officials. Collectively, its members serve approximately 85 million participants in 401(k) and other defined contributions plans.
